Tax and customs services

Commercially focused, practical and socially responsible advice

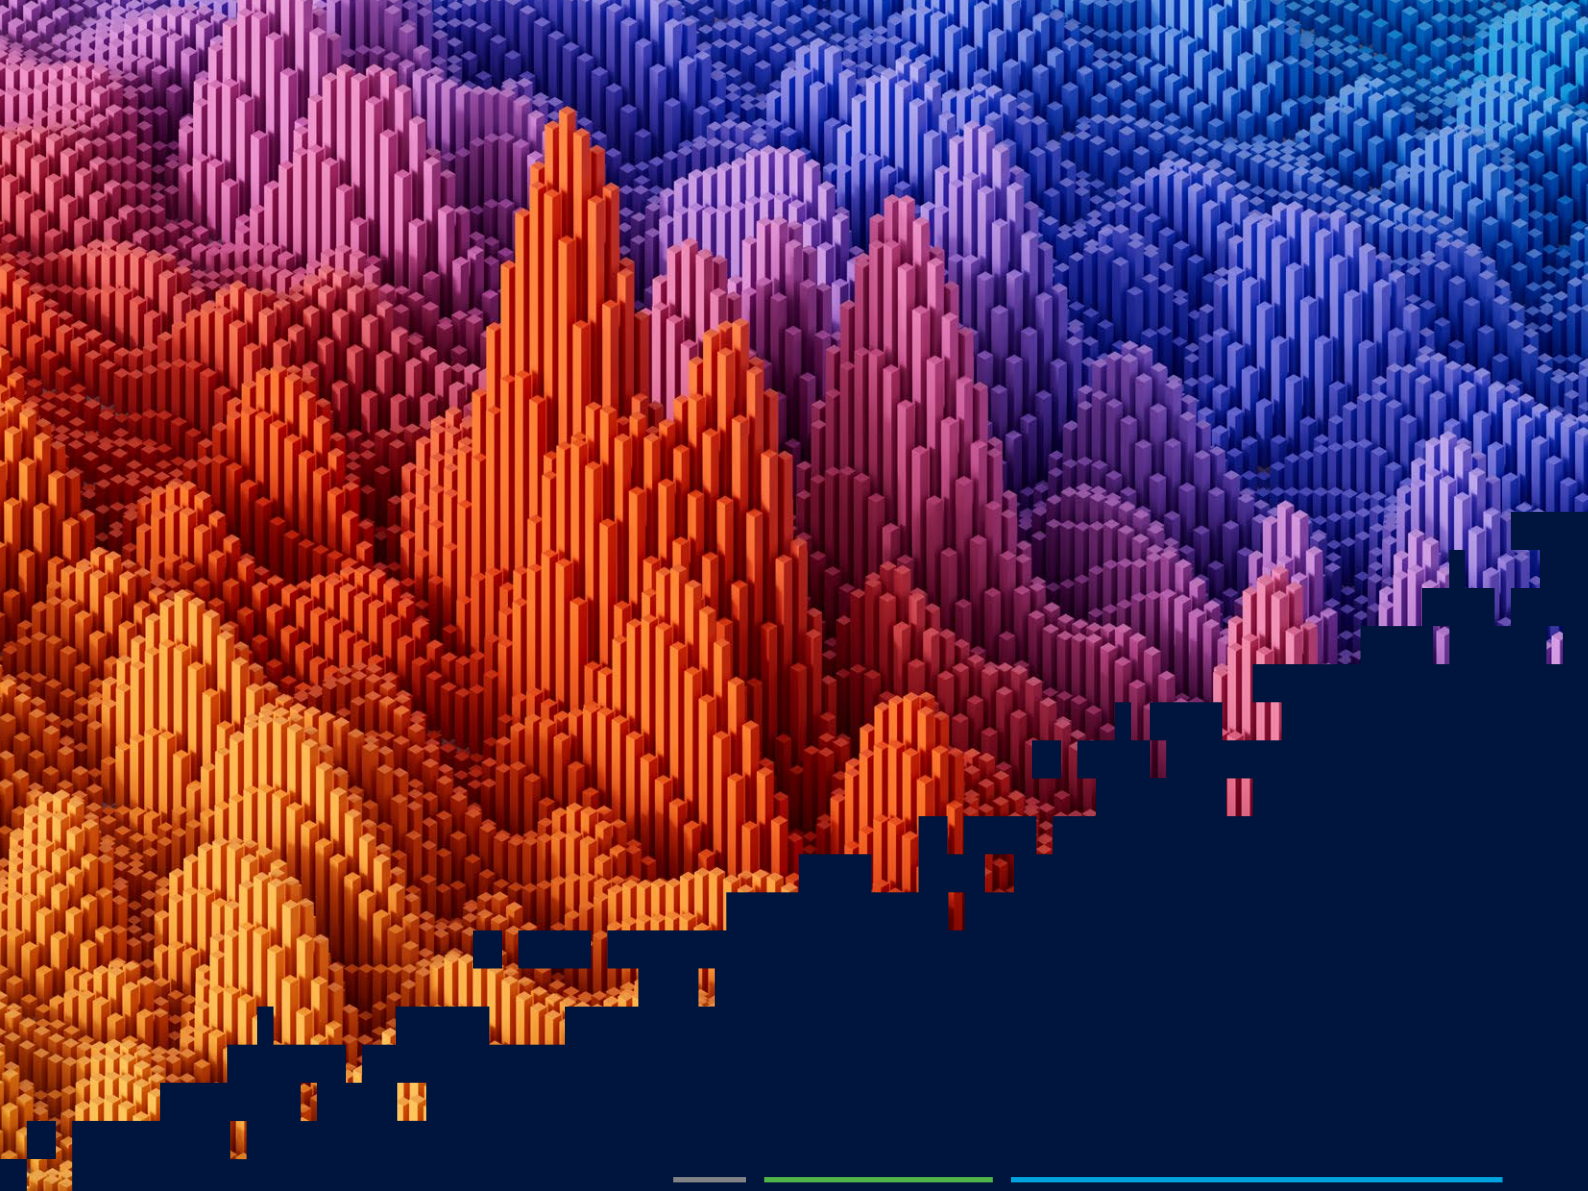

If you are a business juggling the complex, diverse and everchanging tax regulations of multiple markets, it can be difficult to be on top. Tax is businesses' major responsibilities and standard to determine their compliance level. In Vietnam, we daily observe the terms: Corporate Income Tax, Personal Income Tax, Value Added Tax, Special Consumption Tax and normally understand the less tax amount businesses have to pay, the better situation they are in. However it is a myth? In fact, the compliance to these aspects are not simply at all. Every business needs a companioner who can see ahead and look for opportunities even in the toughest and most challenging situations.

We are here to offer in-depth, up-to-date knowledge of the relevant local regulations. Through collaboration with tax professionals across all relevant jurisdictions, we are able to provide you with most appropriate and effective tax solutions.

Considering the risks that many businesses have been facing lately, we are confident that we can give you practical, commercially focused and socially responsible advice from our most experienced tax experts.

Our services include:

01. Corporate Income Tax services;
02. Value Added Tax services;
03. Government Relationship assistance services;
04. Personal Income Tax and Global Employer services;
05. Customs and International Trade services;
06. Market Entry and Licensing services;
07. Business Process Solutions (Accounting, Tax, Labour outsourcing services).

Our services include:

- 01. Compliance audit;
- 02. Audit of value settlement identification;
- 03. Audit of construction final account.

Transfer pricing services

Specialized consultation, practical solution

Related parties transactions have now become a familiar term for enterprises, especially foreign invested businesses. A chain of regulations on dossiers and declarations of related transactions has also been introduced and currently is a challenge for enterprises. For these businesses, failure to comply with the requirements for submission of transfer pricing documentation may lead to the risk of being re-evaluated of transaction prices or taxable profits along with penalties and interest for late payment.

We are here to help you ensure the full compliance with reporting obligations and plan effective transfer pricing strategies. We are willing to assist you in preparing transfer pricing documentation and give you expert advice on your localized transfer pricing needs.

Our services include:

01. Prepare/Review related transactions dossier and return;
02. Advise on planning and restructuring related to related parties transactions and transfer pricing;
03. Support to work with the authorities;
04. Update regulations on transfer pricing.

ESG and sustainability services

ESG and sustainability services

We offer a range of advisory and prudential services designed to consolidate and streamline ESG Strategy Development, Integrated ESG Risk Management and Reporting.

With many years of experience in a variety of sectors, we are proud of having a team of experts with rich knowledge, expertise and skills in reporting standards and sustainable development. We look forward to supporting our customers in growing their organizations in a sustainable way that not only meets customer requirements but also drives innovation with positive impacts on the environment, communities and businesses.

While ESG has always had some degrees of disclosure in business reporting, investors/shareholders, financiers, customers, suppliers, insurance providers and employees require a greater demand for transparency and a clearer understanding of how they integrate and affect the future of the business as a whole.

We accompany with clients who are on their ESG journey, by providing a tailored approach to its current state of maturity (whilst also considering the desired state) by offering pragmatic support through the delivery of the various ESG strategic activities, or through the provisions of independent assurance on sustainability reporting disclosures and business performance.

Our services include:
